Assignment Week #

Office Hours:

I have set office hours daily in which to respond to emails, or schedule phone calls. These office hours will be from 9-11, Monday – Friday.

Distance Learning Guidance:

In the “technology survey” you chose the option to either complete your assignments online or pick-up paper copies/textbooks in which to complete the assignments. By making this selection, you will EITHER be completing and submitting ALL of your work online OR completing and submitting ALL of your work on paper. This is an either/or situation, you cannot do both. The assignments will cover the same material, but will be prepared in formats that work best for the different options. Below you will find the assignment criteria for both the Online and Packet options, please follow the one you selected in the survey.

ONLINE Assignment Criteria:

- All work will be assigned and submitted through your Edmodo Account
- You are responsible for “checking in” each day of school through the daily on Edmodo.
- Digital work will be available the Friday before the next school week (in some cases a week sooner, see below). This allows you extra time in which to work at your own pace.
- You can choose to do your work early, on time, all at once – as long as EVERYTHING is submitted by the end of that school week, by 5pm.
- Because of this flexible schedule, no late work will be accepted. See the schedule below:

ONLINE Assignment Due Dates:

PACKET Pickup Assignment Criteria:

- For those of you that do not have access to technology, you have selected the option to pick-up a paper copy/textbook in which to complete your assignments.
- The work pick-up schedule is outlined below, along with the dates that the work is required to be returned to school for grading. This schedule allows you extra time in which to work at your own pace.
