Students should do the worksheets, showing all work, and making note of any questions they may have. Students need to correct work, if possible, using the answer keys on line. Students will be graded on completion with work shown and correctness on all activities. Worksheets can be uploaded to Teams, sent to my email or delivered to KHS.</div> <div>Include heading to the left on all papers.</div> <div></div>	
<div>Scheduled, if possible, Shared Experience</div>	<div>My website khslawrence.weebly.com and TEAMS will have videos related to the work we are doing. I will also conduct Zoom sessions during office hours throughout the week. Invitations to the Zoom sessions will be emailed, if requested, prior to each session.</div>				
<div>Scaffolds & Supports</div>	<div>Each video has sample problems and each worksheet has an example worked out. Khan Academy videos are included online for more support.</div>
