

Health Concepts (Medical Careers Research) Weeks 3 & 4:

Dear Students,

I hope you are all doing well, and that you and your family are safe and healthy. For **Weeks 3 & 4**, each student is going to be researching **(2) specific Medical Careers/Pathways** of their choice, based on their interest. This will be a two-week project, the culmination of which will be in the form of a PowerPoint. This corresponds with the 2nd part of the **Textbook (Unit 2)**, which begins on **page 384**. I have instructions for both textbook, and digital, options below. The lessons and weekly exercises (below) should take you around 2-2.5 hours per week (including reading, learning the material, answering HW questions, etc.). Please carefully read the directions for submitting your HW (at the bottom). Thank you.

Mr. Foster
