

Interior Architectural Design

Student Name:

Teacher Name: Mr. Gonzalez

Class Name/Subject: Interior Architectural Design

Period:2

Assignment Week #3 Due May 15

The Universal Need for Housing

1. What is the basic role of a home?
2. What are the three basic types of housing and early examples of each type?
3. Where did the wealthiest people make their homes in early communities and why?
4. What four physical human needs does housing help meet?
5. What are some ways in which the physical needs met by housing differ within regions of a country or among different cultures?
6. Which psychological needs are met by housing?
7. What is a universal design? Identify at least two groups that universal design is intended to benefit.
8. What is the difference between barrier-free design and adaptable design?
9. What are three challenges that face builders of housing in the future?
